TERMS AND CONDITIONS

1. Terms are cash or good check with each animal sold to the highest bidder.
2. The auctioneer will settle any bid disputes.
3. Announcements made from the auctioneer stand will take precedence over printed material in catalog.
4. Each animal will be at the purchaser's risk as soon as sold and can be moved after release is issued.
5. Cattle must be removed from the premises within 24 hours of the sale.
6. A certificate of registry and transfer will be furnished for each animal sold. AI certificates for sires of embryo in dam at time of purchase will need to be purchased at buyer's expense unless otherwise noted.
7. An individual health certificate will be furnished for each animal sold meeting state and federal requirements.
8. All sale lots are guaranteed breeders. Bulls that are allowed to run with the herd before they are 18 months of age are not

guaranteed breeders. Animals failing to breed at the age of 21 months may be returned to the seller if in as good condition as when sold. The seller reserves the right to try said animal for six months and if the animal proves to be a breeder, return the same animal to the station of the buyer at the buyer's expense. If the animal proves a non-breeder, a satisfactory exchange will be made or the purchase price will be refunded. The return of the full purchase price will in any case be deemed as satisfactory in settlement.

9. The above breeder guarantee in terms of sale shall constitute a contract between the buyer and seller of each lot and shall be equally binding upon both. Neither the association, sale manager nor any other person connected with the management of this sale assume any liability legal or otherwise.

10. All persons attending this sale do so at their own risk. Neither the association, sale manager, property owners nor any other person connected with the management of the sale assume any liability for the safety of the premises or for the behavior of the animals.
